

PRF Mission, Vision and Quality Policy

Vision

“Healthy Oceans, People and Economies.”

To fulfill PEMSEA’s vision, the PRF envisions itself as

“a dynamic organization that is driven by its desire to fulfill the needs of the people of the region regarding the sustainable development of the Seas of East Asia, offering region-wide innovative products and services that contribute to the implementation of the SDS-SEA, thereby achieving the shared vision of PEMSEA Partners”

Mission

“To foster and sustain healthy and resilient oceans, coast, communities and economies across the Seas of East Asia through integrated management solutions and partnerships”

Quality Policy

“In order to facilitate and catalyze the implementation of the SDS-SEA and deliver value to its Partners and stakeholders, the PRF shall at all times and across its organization strive to:

- *Strategically manage its programs and activities in accordance with Partners and stakeholders’ requirements*
- *Optimize the use of available resources*
- *Provide relevant, timely and accurate information, and*
- *Pursue continual improvement in its operations*
