

Environmental, Health and Safety Policy Statement

The PEMSEA Resource Facility (PRF) strives to be the leader in facilitating the sustainable coastal and marine development of the Seas of East Asia. In line with this, the PRF commits to:

- protect the environment, the health and safety of our employees and the communities we work with;
- prevent pollution and strive for environmental excellence;
- seek to continually improve throughout our operations to lessen our impact on the local and global environment by conserving energy, water and other natural resources;
- reduce waste generation; practice recycling and avoid the use of toxic materials.
- Strive to meet or exceed all environmental, safety and other relevant regulatory requirements;
- prevent accidents in our organization and operations;
- identify and eliminate hazards; and reduce health and safety risk;
- consult with and facilitate participation of staff s and stakeholders;
- improve the overall environmental, health and safety performance by setting appropriate objective and targets.
